Your Postal CODE is a permanent part of your address. Your Postal CODE will change only if you move.

yellow pages

4 ways to find it fast in the Yellow Pages.

1. WHEN YOU WANT TO BUY SOMETHING...OR GO SOMEWHERE

Suppose you are looking for a restaurant - just do this:

First find "RESTAURANTS" on the "R" pages. Then pick out the one whose message appeals to you most, or which specializes in the kind of food you want, or whose location is convenient to you. Use the Yellow Pages in exactly the same way, whether you want a MOVER, CARPET & RUG CLEANER, PLUMBING CONTRACTOR or any one of hundreds of other products or services.

2. WHEN YOU HAVE FORGOTTEN A BUSINESS FIRM'S NAME BUT REMEMBER THE ADDRESS...

You may forget a business establishment's name but remember its location.

For example - you want a garage at 2169 Dubarry Street. Simply turn to the "GARAGES" classification. Here you will find all the garages, and then all you have to do is look for the address which you know.

3. WHEN YOU WANT TO FIND A TRADE MARKED PRODUCT OR SERVICE...

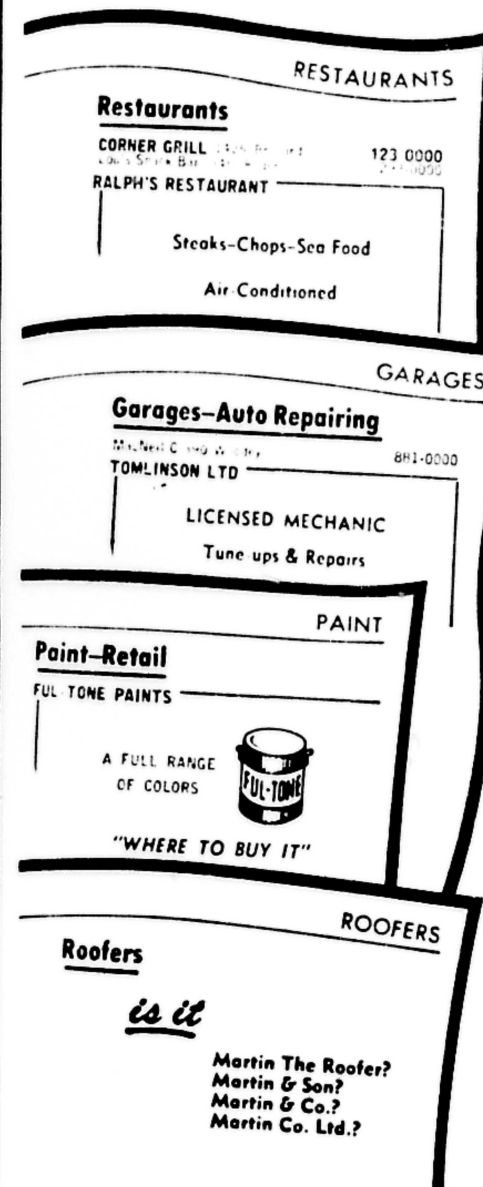

Suppose you want a dealer for a nationally known product. For example, let us assume you were looking for "Ful-Tone" Paint:

First turn to "PAINT" on the "P" pages. Then select your dealer from the list of "Ful-Tone" dealers. It is just as easy as using a dictionary.

4. EVEN WHEN YOU KNOW THE NAME...

The Yellow Pages will frequently help you.

Suppose you want to telephone Martin, the roofer. All the roofers are listed in the Yellow Pages at the classification of "ROOFERS" on the "R" pages, and it is easier to find your Martin among the few listed under "ROOFERS" than in the long list of Martins in the White Pages.

For advertising information and rates concerning this directory communicate with the Telephone Company Business Office.

Neither the Telephone Company nor the Publisher of this directory can assume any liability for losses due to errors or omissions in the Yellow Pages directory.

Listings, advertisements and information contained in this directory are provided by the advertisers, who carry entire responsibility in their regard.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

1 You can talk over matters at
once — promptness often
prevents loss of a customer.
2 You can use tact in delicate
situations.
3 You can build closer rela-
tions with customers.
4 And because people talk
more freely than they write,
you can frequently trace the
real reason for the complaint
— and prevent similar com-
plaints in the future. CE 925
